HAPPY HOLIDAYS

Susan Nichols stepped out of her workplace at Harrier Human Capital Onsite at Coles and into Bentleigh for the fifteenth annual "Principal For A Day" event. Susan was keen to participate in a variety of activities such as visiting classes, sharing ideas with the staff, meeting the Student Leaders and exchanging insights with the school leadership team. "Principal For A Day" provides us with an excellent opportunity to enable someone from the business community to gain a unique insight into the learning environment at our school. We both gained from the experience. As Susan said, "I have been looking forward to the experience and gained a new perspective on the work being done in schools". It's a great way for schools and the broader community to work together.

On Saturday 10th of September, Education Minister James Merlino and Local MP Nick Staikos announced that the Andrews Labor Government is investing a further \$3.8 million in Bentleigh Secondary College to make the new courts competition grade for basketball and netball. This is great news for the school community and McKinnon Basketball Association. The additional funds brings the total investment in our growing local secondary college to \$13.4 million. Construction will begin early 2017 on the school's new Learning Centre as well as the two additional courts. Wishing you all a safe and restful holiday!
